

Boy Scouts of America Lincoln Trails Council

Guidelines & Regulations for Adopted Sites

Units wishing to adopt a campsite or other area at Rhodes France Scout Reservation or Camp Kickapoo must agree to the following conditions:

1. The unit is responsible for spring clean up of the site. This includes leaves, limbs, and trash which may be found in and around the site.
2. Units must do at least 1 site improvement every 2 years. These improvements must be approved in advance by the Council Properties Committee.
3. Units must participate in at least one overall camp improvement each year which will be coordinated with the Council Properties Committee and verified by the Camp Ranger as having been done.
4. Units with adopted sites must use that site for week long camping at least once during the 2 year term of this agreement.

Units who agree to these provisions and adopt a site will have overnight camping fees waived by the Council providing they stay in their adopted site. This does not apply to week-long stays such as summer camp.

Units with adopted sites will have first choice of their site for summer camp provided they pre-register by August 1st. If they do not register on time, other units may reserve their site.

This agreement must be re-signed and agreed to every 2 years. IF a unit changes Scoutmasters during that time and the new Scoutmaster wishes to continue in the adopted site program, he or she must sign a new agreement for the original term of the agreement.

The purpose of this program is to make improvements to the campsites and provide some pride for the site in units that adopt one. Units in the program who do not fulfill the requirements will not be considered for continued adoption when their two year term is up and the site will be offered for adoption.

Up to two units may adopt a site in partnership, but the Council will not be responsible for scheduling conflicts if they should both decide to use the site at the same time.

Adopted Site Agreement

We, the undersigned, agree to all conditions stated above and wish to adopt the following site:

Site _____ Unit Type & # _____

Scoutmaster Signature _____

Council Representative Signature _____

(Council Properties Chairman)

Date ____ / ____ / ____

Expiration date of Agreement ____ / ____ / ____
